

**IMPORTANT  
NOTICE!!!  
PLEASE REVIEW!!!**

Due to increasing costs, Chief Blackhawk has determined that it is necessary to increase our fees. To continue to keep the space that you have had, you will need to pay at the swap meet this year for next year. **The price of the spaces will increase to \$60.00 per space.**

If you have not paid by Saturday afternoon of this year's meet, you will not have the privilege of keeping the same spaces. Once the meet is over, all spaces that have not been paid for will go back into the available space pool. After Saturday, the only way to pay for a space will be to fill out a registration form and return it by August 1, 2022, to obtain a space. **The cost per space will be \$70.00 per each space.** You will NOT be granted your normal space unless it is still available at the time registration is received.

Registration will be closed on August 1, 2022. The only way to obtain a space after that will be to show up at the meet on Thursday morning and obtain a space. **The price for the space will be \$80.00 and will be first come, first serve.**

We really appreciate all of you as vendors and hope that you understand the need for the price increase. You are the reason for our meet, and we look forward to a great meet this year!

Thank you,  
Chief Blackhawk Staff
