CHIEF BLACKHAWK 2024

EVENT PROGRAM AND INFORMATION

The Bike Display

In conjunction with the 2024 Chief Blackhawk Davenport Meet, the motorcycle show will be held in the EXPO BUILDING. Please note the following:

ELIGIBLE MOTORCYCLES

As before, all motorcycles, scooters, 3-wheelers & minibikes 35 Years old and older may be entered. This year's theme is Military.

EXPO BUILDING

To allow convenient viewing of the show bikes and minimize traffic tie-ups and congestion, we will have the motorcycle display in the EXPO BUILDING. During the day the Side garage door (near the grandstands) will be open to bring your bikes in for display. The Expo building will be CLOSED AND LOCKED EACH NIGHT. No motorcycles will be allowed to enter or leave the building except during open display hours.

Watch for signs directing you to the entrance and sign-in.

SHOW HOURS

Entries welcome starting Wednesday morning at 8:00 AM, continuing through Saturday at 9 AM. Bikes must be registered & tagged at the door when entering the display building. Display is open from 8 AM to 5 PM Wednesday, Thursday, & Friday, and 8 AM to 2 PM Saturday. Building WILL BE CLOSED & LOCKED EACH NIGHT – No motorcycles will be allowed to enter or leave the building, except during open display hours.

SIMPLIFIED REGISTRATION

Motorcycle & Owner information will be gathered using a SINGLE HANDLE BAR TAG. This tag will include the tear-off CLAIM CHECK portion, as well as the Registration number used for identification and awards voting.

AWARDS TIMES

The announcement of awards will be at 1 PM Saturday. Our display committee will identify and select award recipients on Saturday morning between 9 and 11 A.M. ONLY Bikes still in the display building Saturday before 9 A.M. will be eligible for awards.

BRING YOUR ANTIQUE MOTORCYCLES & HELP MAKE THIS THE BEST SHOW YET!

CHIEF BLACKHAWK 2024

EVENT PROGRAM AND INFORMATION

Lodging

At the Fairgrounds:

The fair board is in charge of any and all lodging done at the fairgrounds itself, and can be reached at:
<http://www.mvfair.com/>

Any questions about camping or electricity, please contact the Mississippi Valley Fairgrounds at
(563)326-5338.

Chief Blackhawk does not have any involvement in camping with regards to hook ups and fees. Any questions or issues should be taken up with the fairgrounds.

At West Lake:

West Lake, which is about three miles away, has multiple campgrounds, information can be found here at:
<https://www.scottcountyiowa.gov/conservation/west-lake/campgrounds>

Hotels/Motels:

All accommodations are a minimum of 3 miles from the fairgrounds. Walking is only viable if camping at the fairgrounds.

Because we all live here, we don't have much knowledge of the local accommodations, so no recommendations from this quarter. The area is very small compared to most folks idea of a city, so getting around is not really a problem. Nothing in the Iowa area is more than 15 minutes away from the swap meet, and nothing on the Illinois side is more than 25 minutes from the swap meet. Newer hotels can be found on Elmore Ave., and Utica Ridge in Davenport, IA.

For a reasonably complete list of hotels and motels in the area try this link: <http://www.visitquadcities.com/>.
Select "Visitors" the "Hotels & Motels" under Lodging, on the right of the drop down menu.

The Mississippi Valley Fairgrounds has a fee for hooking up electricity in your vending area, if electricity is available. You can sign up for electrical at the meet or let Vending Registration know ahead of time. Leave your name and space number at the registration table, and the fairgrounds will come around to your space to hook up if available. The fairgrounds is responsible for hook up. Vendors must be in their spot when they come to hook up electricity. Chief Blackhawk does not make available or set fees for electrical hook up. Any questions on availability and fee please see the fairgrounds personnel.

You MUST clean up after your pets or leave them at home. No exotic pets allowed. Dogs must be on a leash.

We do have security from local police departments on the grounds if you should have any problems, they will be making rounds on a golf cart, or you can come to registration for assistance in getting them.

Dues are \$20.00 a year and run from January 1st to December 31st

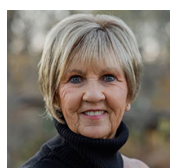

CHIEF BLACKHAWK 2024

EVENT PROGRAM AND INFORMATION

Get to know our President

For those of you who don't know me, I'm Wanda Schumacher. I am honored to be on my second year serving as Chief Blackhawk's President. My passion for motorcycles came in the early 80's when my husband, Delbert Schumacher, bought a 1947 Indian Chief at an auction in Las Vegas. I was hooked from there. After a few more bikes were added to the collection, the passion grew. In 1990, Del and I were introduced to the Chief Blackhawk Motorcycle Club by a dear close friend, Erwin "Smitty" Smith. We both became deeply involved and devoted to the club. It started out by becoming members, and working at the Davenport meet. From there, starting in 1995 I became even more invested and took over control of all vendor registration, and would continue that role until 2010. I loved it! My husband Del, started serving as President for the club in 1999, and would pass on the torch in 2010. October 14th, 2012, Delbert passed away from cancer. The club and the meet were some of our favorite things we shared together, and looked forward to doing every day. I took a slightly relaxed role in the club after Del passed, but was happy to help with vendors when needed, and work at the meet in any capacity I could. However, I am filled with joy to serve this club, but now as President following in the footsteps of not only my husband, but all the great Presidents of this club that came before me. The club and the meet have given me so many close friends, and countless memories. Memories like road rides to the National Motorcycle Museum in Anamosa, Iowa, brunches, annual Christmas parties, picnics, meeting on Tuesday nights with club members for supper, visiting with vendors from all over the world, and sitting by campfires at the meet with fellow friends and family. The club has also given me a way to connect with my family, and get us all involved together. I am proud to tell everyone that me and my husband have passed down this passion for not only motorcycles, but the club and the meet specifically, to our family. My family is as of 2024 four generations into this club now with my daughter, Christina Caldwell, son-in-law, Tommy Caldwell, grandchildren, Breanna McIntosh and Kaylie Caldwell, and my grandson-in-law, Kyle McIntosh. I am also ecstatic to say that Breanna and Kyle gave birth to their first child this year, giving me my first great-grandson Colton McIntosh. My daughter Christina, Secretary of the club, and both my granddaughters, Breanna and Kaylie also control vendor registration. We all love this club deeply and dearly, and I could not be happier to fill this role as President to continue the legacy of this club, and continue to pass it down to all generations to come. I would like to personally thank all club members that have devoted their time and energy to making this club what it is today, and making the meet possible every year. I would also like to give a specific thank you to all current and previous officers, as well as board members, in this club. Your contributions are truly appreciated, and we could not do this without you all. I am looking forward to the meet this year, and the many years to come. I am determined to give this meet my all, and I thank you for entrusting me with this position as President. I am honored to work for you, and set an example for all generations to come.

With gratitude,
Wanda Schumacher
President

CHIEF BLACKHAWK 2024

EVENT PROGRAM AND INFORMATION

Vendor Registration

Greetings everyone, We are very excited and honored to be able to help this long-standing club, and its vendors, for the second year in the capacity of vendor registration. To start, we'd like to tell you a little bit about us. I am Christina Caldwell, and working beside me are my two daughters. My oldest Breanna McIntosh, and my youngest Kaylie Caldwell. I personally have been around this club since my parents, Del and Wanda Schumacher, joined in 1990. Ever since, I was hooked. It became our lively hood, preparing, working, and executing at the meet year after year. Years later my girls were able to join into that tradition, Kaylie of which was actually born during the swap meet in 2003, and now is known as the swap meet baby. Speaking of babies, I am so happy to say my oldest daughter and her husband had their first child this year. Making me a Grandma! Our family will now be 4 generations in this club, and we are truly honored to say that. Me and my daughters work together not only in this vendor registration capacity, but side by side every day at our family businesses. Over the last many years, we have formed a very good team, and always manage to accomplish what we set our minds to. It is our goal for this club, and its patrons alike, to make a much easier, efficient, and smoother vendor registration process. Through years of experience doing vendor registration in past years, as well as being around the meet year after year, we have found a few things we can approve upon, and will continue to try to help everyone out year after year if we can. We've implemented a couple more things this year, and look forward to all the improvements in years to come. We feel very privileged to be able to contribute in helping organize this meet, and are always open to helping anyone in any way we can. We cannot wait for this year's meet, and the many many more to come!

Please contact vendor registration to reserve your space! Christina Caldwell, Kaylie Caldwell, or Breanna McIntosh @ 563-529-4940 or christina@delsmetal.com

2024 Meet Map

THE EXPO BUILDING

The Bike Display will now be located in the Expo Building. You will also need to go to the EXPO Building to purchase your event souvenirs. Come check all this out in our Air Conditioned building.

EXCITING NEWS!!

Chief Blackhawk is responding to requests for vending spaces in an area away from the frequent changes in Iowa weather. The IOWA BUILDING will now be inside vending along with Big BLUE. The Iowa Building and Big Blue are now open to all types of vendors! You are welcome to bring those parts and pieces you'd like to protect from the elements. Have that complete bike, or choice basket case? Got a fragile box of literature or original paint antique toy? We've got the space for you! Spaces will be 15 feet deep by 20 feet wide and there are plenty of them! As Big Blue & Iowa building are locked at night, there is no camping in vending spots. Vehicles will be allowed for unloading and loading only, but are not allowed to stay inside building. Spaces are reserved the same way as other swap meet spaces.
